- No waiting for printing
- Adaptable to supply changes
- 100% Consistency

### Always on, Always Available

- Responds to Voice Commands
- Works to ensure consistent knowledge in the kitchen
- Works to upskill continuously

## Next Gen Food Spec Manual

### No Hand Contact

- Replaces physical spec manual
- Reduces cross contamination especially in a Covid World
- Improves efficiency – no “going” to the manual

### Reduces Cost

- Remove cost of printing the spec manual
- Updated every menu change and in between
- Improves menu launches

## The SpeakEzi Solution

SpeakEzi can help your business by loading your Food Prep manual onto a system that can be accessed by Voice. Your food prep team will then have instant access to any menu, answering questions relating to the make up of the dish. SpeakEzi spec manual solution displays a picture of the product.

**Voice, Vision and Knowledge all in one place with reduced costs!**
